## THE IB DIPLOMA PROGRAMME AT COLLEGIO SAN CARLO

Collegio San Carlo is pleased to offer the prestigious International Baccalaureate (IB) Diploma Programme (DP), an academically rigorous and challenging programme that is recognised in most countries of the world as a university entrance qualification. Participation in this programme demands hard work, a mature attitude and self-discipline. An application to join should represent an informed decision, made only after students and their families have a thorough understanding of the IB Diploma Programme as well as the school context.

Candidates are advised to learn as much as possible about the IB DP. They can attend information sessions at school, talk to IB students and graduates, and do online research. It is important to know what the IB Diploma Programme is, what it is not, and how schools differ in offering an IB education.

Before submitting the form, candidates not currently enrolled at Collegio San Carlo are asked to register at <http://admission.collegiosancarlo.it>

Please send the completed form as an email attachment in Word or PDF format to [ibadmission@collegiosancarlo.it](mailto:ibadmission@collegiosancarlo.it). Selected candidates will be invited to the Assessment Stage. Submission of this form does not guarantee enrollment in the IB Diploma Programme at Collegio San Carlo.

## C. PERSONAL STATEMENT

In this section, candidates have the opportunity to explain how they would benefit from, and contribute to, the IB Diploma Programme at Collegio San Carlo. Students have to write the statement in English and in their own words. The maximum word count is **500 words**.

While there is no prescribed format for the personal statement, it is important for the admissions committee to know why students apply to be part of the IB Diploma Programme at Collegio San Carlo. The committee is interested in getting to know the applicant, not just academically, but outside of school as well. The following suggestions might help students in preparing their personal statement:

### **Explain your reasons for wanting to study the IB Diploma Programme at Collegio San Carlo**

What motivates you to take this programme rather than any other? Mention how your interest developed in the subjects that you think you want to study, what you have done to learn more about them or how you were inspired by somebody. Demonstrate your enthusiasm!

### **Explain how you are right for the course**

Provide evidence that you are a good candidate for the programme. Explain what qualities you think you have that would make you a perfect IBDP student. For example, you can refer to the IB Learner Profile, or you could demonstrate your understanding of the IB Diploma Programme and that you are ready to take on this exciting challenge.

### **Say what you have done outside the classroom to develop your interest in one or more of your chosen subjects**

If possible, outline how you have developed your interest in your chosen subjects outside of school, maybe through reading newspapers, magazine articles or books that are not used in school. For example, your interest in economics might be made clearer by reading the *Financial Times* or something similar. You could also refer to websites, films, documentaries, blogs, radio programmes, podcasts, (public) lectures and so on.

### **Describe other learning experiences you have had outside of the classroom**

Reflect on your experiences, explaining what you have learned from them or how they have helped you to develop your interests. Perhaps you have done some work as a volunteer, attended summer schools, education workshops at a museum or an art gallery. Do you play a musical instrument? Do you like to dance? Maybe you have visited the theatre to see performances of plays or musicals. Of course, you can also refer to sports: Do you play football? Or are you a swimmer? All of these activities give the admissions committee a better idea of who you are as a person – not just as a student.

### **Keep it positive**

It can be difficult to get going with your personal statement, but do not panic. Start with your strengths, focus on your enthusiasm for the course and talk positively about yourself!

**Please attach your personal statement and a recent picture to this application.**
